NOTE

- Rhythms whose names are shaded in the “Rhythm Name” column of the above table are piano-only accompaniment rhythms. These rhythms are made up of chord accompaniments only, without drum or other rhythm sounds. Because of this, these rhythms do not sound while auto accompaniment is turned off (all the indicator lamps above the MODE button are off). You can specify chords by using these rhythms while auto accompaniment is turned on (indicated when one of the indicator lamps above the MODE button is lit).
